WELCOME OUR NEWEST ON-SITE TECHNICIAN

Fleming Newsletter

Meet Corey our On-site Field Service Technician

www.fleming.net.au

Corey is our newest field service technician here at Fleming. His role focuses on installations, commission and handover and preventative maintenance of equipment, machinery and systems.

Corey proves to be a great asset to the Fleming team with over 10 years' experience as a mechanical fitter and field service technician where he thrived in trouble shooting, fault finding and customer service.

Corey's previous work experience includes the service and repair of progressive cavity pumps and systems, preventive and routine maintenance with the automation industry and maintenance and repair of manufacture equipment/ machinery. Corey is based in Melbourne, Australia and in his spare time he enjoys fishing at his local lake.

We are so excited to have Corey on the team!
